

NGO "Saunas to Ukraine" 9th Sauna Truck Report

General background: The goal of NGO "Saunas to Ukraine" is to send a total of 10 mobile sauna and laundry complexes to the front line, each of which can serve an entire battalion.

This report covers the 9th sauna truck, which was smaller and had two washing machines and two dryers.

The 9th sauna truck went to the Reconnaissance Battalion.

Supporters: The main partners in preparing the 9th sauna truck were Rotary Club Tallinn Vanalinn, Auroom, Tactical Foodpack, Margel Grupp, TRBet OÜ, Lavanno OÜ, and LGT Konsultatsioonid OÜ. The largest financial supporters were OÜ HUUM and many other companies and private individuals.

Sauna Truck Concept

Mobile sauna truck

1. Sauna room - allows approximately 8 fighters to take a sauna and relax at the same time.
2. Shower and washing room - the washing room is equipped with four showers. It is also used as a changing room.
3. Laundry - the smaller sauna truck has two industrial washing machines and two industrial dryers. The set also includes a 33 kW generator, which ensures autonomous operation of the whole system, as well as water tanks and hydrophore pumps.

The laundry can service up to 250 sets of fighters' equipment per week.

The complex also includes a support vehicle, which supplies water and fuel when needed and transports equipment.
